“Innovative Structural Systems in Architecture 2023” (ISSA2023)

I would like to invite you to take part in the scientific workshop ISSA2023, organized again by our Committee, which will be held in **November 9-10, 2023**. Participation in the workshops will probably also be possible in the so-called hybrid mode, which took place during the COVID-19 pandemic in November 2021. The application form and template of an abstract in *Word* format are available in the appropriate tab on the ISSA2023 website:

<https://issawroclaw.pan.pl>

The ISSA2023 workshops will be held at the **IBIS STYLES WROCŁAW CENTRUM** hotel, Plac Konstytucji 3 Maja 3, 50-083 Wrocław. Reservations for accommodation at this hotel in connection with participation in ISSA2023 can be made using the password "ISSA2023". Price negotiated per night in the single-person room with breakfast is PLN 305, but is valid only on November 8-10, 2023. On other dates, the prices proposed by the hotel will apply.

This year's workshops are similar in subject and form to the previous three which took place in 2014, 2016, 2018 and in 2021. The scientific goals refer to the innovative structural systems recently developed or applied in objects of contemporary architecture as well as in renovation of buildings considered as historic monuments. The scientific scope is also extended to the newly developed methods of architectonic or structural design proposed for shaping the bearing systems of big structural efficiency for various multi-storey buildings, including high-rise buildings, the lightweight roof structures, bridges, footbridges and systems of foldable or retractable roof covers.

Participation in ISSA2023 is free of charge. The official languages of the workshops are: English and Polish. Correspondence regarding all aspects of participation in ISSA2023 please send to the following address:

issa.conference@pan.pl

I would like to encourage you to actively get involved in ISSA2023. Accepted papers can be published in the scientific journal **Architectus** (100 pts) and in a special issue of the **Buildings/MDPI** scientific journal (70 points)..

The deadline for sending the Application Form is 06th October 2023.

Prof. D.Sc. Ph.D. Arch. Janusz Rębielak
Chairman of the Committee for Architecture and Town Planning of the Wrocław Branch of the Polish Academy of Sciences
