Rules for submitting manuscripts

We kindly inform you that if you have any questions regarding submitting your work, please contact us by e-mail at: issa.conference@pan.pl

1. Conference participants may submit abstracts only electronically to the e-mail address provided above. Abstracts will be assessed and qualified by the Scientific Committee for presentation in the oral session. Abstracts qualified for presentation during the conference will be published in the conference materials (Book of Abstracts). The deadline for submitting abstracts is **September 15, 2025**.
2. The summary of the manuscript in English language must include:
   - ➢ title of manuscript,
   - ➢ names and surnames of all authors,
   - ➢ full name of the institution from which the authors of the work come from,
   - ➢ keywords (max 5 words),
   - ➢ manuscript text:
     original papers should include an **Introduction** with the aim of the work, **Material and Methods, Results, Conclusions and References** (please indicate in the text where subsequent reference items are cited, in accordance with the citation index); in the case of review papers, the abstract does not have to be structured, so it does not have to contain the above subtitles, except for **References**. We leave the authors a lot of freedom here, similarly to humanistic or technical papers.
3. The abstract of the work should be sent on the attached *Abstract Template*.
4. Only registered conference participants who have paid for participation in the conference will have the opportunity to present their works.
5. The submitted abstracts will be assessed by the Scientific Committee and qualified for oral presentations. Oral presentations will be given during the appropriate thematic sessions; technical details regarding the form of presentation, including the time allocated for the presentation, will be provided to the authors after the paper has been qualified by the Scientific Committee.
6. Each submission of a work will be confirmed by the organizers at the email address provided in the *Application Form*.
7. Within 2 weeks of the deadline for accepting papers, you will be notified of the decision of the Scientific Committee to accept or reject your paper.
8. Official conference languages: Polish and English.
